

ZONE CONFERENCE

The All-In-One Conferencing Solution
Audio • Web • Video • Mobile

We Give You More

Need help planning your conference calls?

If you've ever had to schedule a conference call, you'd be familiar with the following problems:

- Forgetting your conference code/PIN
- Mixing up the parties involved in the conference call
- The complexities of scheduling conference calls
- Absence of file-sharing software
- Immobility of conference calls
- No records of your meetings

Good thing you do not have to stick to traditional solutions. Introducing **ZONE CONFERENCE**: budget-smart, high-mobility, feature-rich, user-friendly and hassle-free. It is the cutting-edge platform that enables collaboration, increases productivity and lowers travelling costs.

Now you can unify voice, web, video and mobile communications in a way that suits your team culture, infrastructure and fiscal requirements. Empower your team members with the ability to reach prospects, partners and colleagues – anytime and anywhere. Grow your enterprise with the power to hold conferences of any scale – intimate everyday meetings or large-scale worldwide events – using the best technology from **ZONE CONFERENCE**.

Enjoy seamless conference calls and

an immersive user-experience with **ZONE**.

ZONE Audio Conferencing

Enjoy 24/7 on-demand conferencing and flexible options: self-service (ZONE Reservationless-Plus) or fully-assisted. Experience loud, crisp and clear voice quality.

ZONE Unified Meeting

This unified solution with audio, web and video features empower worldwide virtual collaborations with one simple click. Enjoy video playback, HD multipoint video and self-branding capabilities without compromising on security or quality.

ZONE Video Conferencing

Boost relationships with virtual face-to-face conferences and avoid stretching travel budgets or disrupting tight schedules. Using full HD video collaborations, ZONE connects rooms, desktops and smart devices together with a cloud-based solution that is engineered for performance and scale.

ZONE Call Manager

This intuitive dashboard and online participating management tool allows you to manage your audio conference calls from your desktop or mobile device. Organising conference calls has never been this easy and convenient.

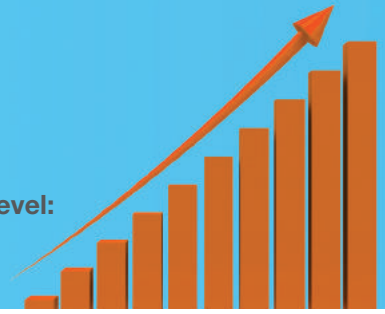

ZONE SmartMeet

Supercharge your team's productivity and mobility by giving members the power to host, participate in, view presentations and manage conference calls and online meetings using their iPhone/Android devices.

Schedule meetings from your calendar at a click.

Social Media Integration
Easily link your conference profile to your LinkedIn or Facebook profile.

Break Out Rooms, Private Chats, Sub Meetings
Segregate conference attendees according to your needs.

Keep Your Meetings Secure
Keep unwanted attendees out of your private conferences by locking your meetings.

Customised Meeting Rooms
Display unique messages for each conference.

Schedule Online Meetings For Other People
This feature allows assistants to provide scheduling support and manage multiple accounts.

Account Management And Online Reporting
Be in control and gain insights on your business meetings via ZONE's 24/7 online tools.

User-Friendly Keypad Commands
Manage your conference by using simple inputs on your telephone keypad. Just press ** for a list of available features.

More Savings • More Control • More Convenience • More Mobility

About ZONE

ZONE Telecom Pte Ltd (ZONE) was established in 2000 as the first Service Based Operator (SBO) licensed by the Infocomm Development Authority of Singapore (IDA). Today, we are one of the nation's leading infocomm providers, offering comprehensive end-to-end services to meet the information technology and telecommunication needs of business enterprises, ranging from SMEs to Fortune 500 companies and non-profit entities to government institutions. We are a wholly-owned subsidiary of e-Kong Group Limited, which is listed on the Hong Kong stock exchange with operations spanning China, Hong Kong, Singapore, Thailand and the United States.

ZONE, alongside its wholly-owned subsidiary Cybersite Services Pte Ltd, offers a comprehensive suite of Voice, Internet, Data Connectivity, Cloud and Hosting solutions to meet the growing needs of today's businesses, customising our service offerings to suit the unique needs of each of our clients.

While we invest substantially in state-of-the-art systems and networks to guarantee optimal performance, it is our people that remain our greatest asset. Their extensive experience, strong technological capabilities and commitment to customer service excellence mean we can guarantee our customers personalised and cost-effective solutions and provide them unrivalled quality service, every time.

As testament to our quality products and services, ZONE was awarded the Top Intelligent 20 by Intelligent Enterprise magazine in 2001 and the Deloitte Technology Fast 500 Asia Pacific Award in 2004. We pride ourselves on being a company that constantly innovates to help our customers stay ahead of the curve.

**At ZONE, We Are Not Just About Technology;
We Are About You.**
